

The top ten best solar photovoltaic panels

Which solar panel is best?

The SunPower Maxeon 6 AC is the best all-rounder in our test. It excels in the key areas of efficiency and warranty, and also performs well on power, heat resistance and eco-friendliness. The panel's efficiency rating puts it in the top 10% of all those we tested, enabling it to make the most of limited sunlight.

What are the best solar panels in the UK?

For homeowners who prioritise solar panel efficiency, REC Group's Alpha Pure-R is an appealing option. With an outstanding 22.3% efficiency rate, these are some of the most efficient solar panels in the UK today. These high quality solar panels also have an excellent power output (430W) and they are known for their durability.

What is the best solar panel in 2025?

Save up to £915 on your electricity bills with solar energy! The best solar panel in 2025 is SunPower Maxeon 6. The best solar panel in terms of warranty is the Project Solar Evolution Titan 445, offering a lifetime warranty of 99.9 years. Over the last few years, it has become increasingly popular to install solar panels for homes across the UK.

What are the best rooftop solar panels?

The best rooftop solar panels have high-efficiency ratings and great warranties. Take a look at CNET's picks for the best home solar panels. The companies providing quotes may differ from those described in our independent reviews. REC and Maxeon offer two of the best solar panels CNET experts have evaluated.

Which solar panels have the most power?

SunPower's M-Series 440 W solar panels offer the most power at 21.2 watts (W) per square foot. They're highly efficient and come with a great warranty, which covers your entire system (the panels, inverters, and racking equipment). The biggest downside of SunPower panels is the price.
