

China-Africa energy storage container rental price

How much does it cost to rent a container from China?

Shipping containers from China to the US is one of the most popular routes due to the high trade flow, leading to higher rental prices on this route. If you're leasing a 40ft HC container from Shanghai to Dallas, you'll have to pay \$1,250 in pick-up charges, with 113 free days and \$6 per diem charges applicable.

How much does it cost to ship a container from China?

Shipping containers from China to Russia is another popular route thanks to the expansive rail network provided by China Europe Railway Express. If you're leasing a 40ft HC container from Shanghai to Moscow, you'll have to pay \$2,160 in pick-up charges, with 89 free days and \$6 per diem charges applicable.

How much does it cost to lease a shipping container from Tianjin?

For leasing a 40ft HC shipping container from Tianjin to New York, you have to pay \$1,200 in pick-up charges, with 90 free days and \$3 per diem charges applicable. As you can see, one-way lease rates on this route are higher due to the overall container shortage in the industry caused by the Red Sea rerouting.

What is the rent of a container in India?

Container rates in India have been decreasing over the past year due to an oversupply of containers at many ports. The average price of a cargo-worthy 40ft container in some of the top ports of India was \$1,589 with the lowest price being \$1,491 at the Mundra port.

How a shipping container is leased in India?

Shipping containers are leased from container leasing companies in line with a leasing agreement type. Container leasing requires you to have a trusted supplier to lease containers for a time frame that suits your needs. What is the rent of a container in India?
