

Croatia Energy Storage Project Tender Announcement

How many MW of solar projects did Croatia tender?

The Croatian authorities initially reviewed 144 projects totaling 713 MW for the auction. The tender was carried out in two phases. One awarded market premiums for projects with installed capacities of more than 1 MW each, including 350 MW of solar, 60 MW of wind, and 7.25 MW of hydropower.

Did Croatia get the green light for IE-energy's massive energy storage project?

Croatia got the green light from Brussels for a EUR 19.8 million grant to IE-Energy for a massive energy storage project.

When was the first solar auction in Croatia?

The first auction for large-scale projects in Croatia took place in 2022 to procure 638 MW of new capacity. However, it only attracted tepid interest, with premiums awarded to just 107 MW of projects. The regulator offered a 300 MW quota for solar plants, but only four bids were accepted, for a total capacity of 8 MW.

How much ie-energy aid will Croatia get?

The European Commission has approved EUR 19.8 million (US\$ 20.1 million) in state aid from the government of Croatia to energy storage operator IE-Energy for a series of grid-connected projects. The aid will be a direct grant to IE-Energy and will cover approximately 30% of capital expenditures for a series of grid-scale battery energy storage systems.

How much does solar cost in Croatia?

The maximum reference values of market premiums for solar were EUR 0.82/kWh and EUR 0.75/kWh for wind. The first auction for large-scale projects in Croatia took place in 2022 to procure 638 MW of new capacity. However, it only attracted tepid interest, with premiums awarded to just 107 MW of projects.

Will ie-energy accelerate the decarbonization of Croatia's energy sector?

In addition, it will accelerate the decarbonization of the Croatian energy sector, according to the announcement. IE-Energy is based in Rijeka, Croatia's fourth-largest city. It joined the intraday and day-ahead markets at the Croatian Power Exchange (CROPEX) last year. Documents reveal the project is scheduled to start on December 1.

Croatia's energy market operator, HROTE, has launched a public tender to award market premium support to renewable energy projects. The energy auction was first announced in April, backed by a ...

Image: Ministry of Energy of Bulgaria. Bulgaria is launching a public consultation into a grant auction scheme for renewable energy projects and up to 350 MW of energy storage facilities. It is the country's first clean energy ...

Croatia Energy Storage Project Tender Announcement

The launch of this first tender aimed to co-locate energy storage with other renewable sources, mainly solar PV, and aimed to fund at least 600MW of projects with a fund of EUR150 million (US\$162 million) in capital ...

Croatia got the green light from Brussels to give a EUR 19.8 million grant to a domestic startup for a massive energy storage project. IE-Energy is planning to build a battery system of 50 MW, which means it would ...

The Department of Mineral Resources and Energy (DMRE) is doing the procurements and has recently launched larger second and third rounds of BESIPPPP for projects at other substations. The tender's conditions ...

The deadline for submitting proposals in 19 June, 2023, and the Call page indicated that the energy storage technology must be battery-based. In September 2020, Energy-Storage.news reported on a EUR20 million grant from ...

HROTE, Croatia's energy market operator, has launched a public tender to support renewable energy projects totalling 607 MW in capacity. The tender began on ...
