

AVA offer feature rich, compact electric actuators from 10Nm through to 400Nm offering both Basic and Smart series. Products. Series 20 Series 20 Actuator Basic Series 20 Actuator Smart. Series 50 Series 50 Actuator Basic Series 50 ...

IQT3 Pro Battery Backup intelligent part-turn electric actuator provides valve fail-safe operation by utilising power from a battery source during AC supply mains failure. On loss of supply the actuator automatically switches over to receive ...

Find your valve actuator with backup battery easily amongst the 6 products from the leading brands (Rotork, COMPARATO, ...) on DirectIndustry, the industry specialist for your professional ...

IQT3 Pro Shutdown Battery intelligent part-turn actuator provides fail-to-position functionality in the event of a mains power loss in hazardous and non-hazardous environments.

The GLA-Q40 (250N Version) is a high quality small-sized 12V electric actuator, featuring a quadrature encoder (which can be used for position tracking and synchronisation) and a low ...

This 3 wire single phase version is power open, power close by switching the live (SPDT) and fails safe to a pre-set position on loss of external power using an internal battery back-up system called BSR. You can buy all your electric ...

HQ Failsafe Electric Actuator Features : Externally housed battery failsafe system IP67 Fully weatherproof, CE marked 35% Duty rating Emergency manual operation

The J+J electric actuators can be configured with On-Off, Failsafe Battery Backup and Modulating functions, all of which are available to buy online from Valves Online. Read More. 6 Items . Show. 12 24 36 . per page . Sort By . J4C-020 ...

Power supply in 110 and 220 volt. This battery failsafe electric actuator features a sealed battery which has the capacity for five cycles following the loss of ...

o IQT3 part-turn 1-phase, 3-phase and DC electric actuators are designed for isolation or regulating duties (S2 & S3/Class A & B) of up to 1,200 starts per hour o Benefitting from design features and industry-leading reliability of the intelligent IQ3 range o Watertight and explosionproof to international standards

Electric Actuator . Electric Actuated Valves Electric Actuator . Product Filters. ... Buy price. J+J. 300NM ON-OFF 24-240V VDC/VAC 50/60HZ. Product code ... &#163;663.72. Buy price. J+J. 35NM ON-OFF

24-240V VDC/VAC 50/60HZ. Product code: J4CS35. &#163;587.85. Buy price. J+J. BATTERY "SPRING" RETURN CONVERSION KIT. Product code: J4CSBSR1. &#163;429.90. Buy ...

Rotork is the home of the flagship IQ intelligent electric actuator range. The IQ range features legendary innovations including Rotork's unique double-sealed enclosure, "non-intrusive" commissioning, and predictive maintenance capabilities.

J+J are a leading actuator manufacturer in Europe, known for their range of J3C electric actuators. The J+J electric actuators can be configured with On-Off, Failsafe Battery Backup and Modulating functions, all of which are available to ...

Electric Actuators; Battery; AXA2902 Window Opener with Remote Control; AXA2902 Window Opener with Remote Control. Brand: AXA | Manufacturer Part numbers: 8713249193021. ...

Electric Actuators are available in a variety of sizes and configurations to meet the needs of a wide range of applications. They can be used to control linear motion, rotary motion, or a combination of both. ... Valbia Aluminium Electric Actuator ...

View our range of electric actuators for valves, offering HQ, J+J, Valpes / Burket, On-off, Failsafe, Modulating, and ATEX approved Options. All Electric Valve Actuators are available to buy online. ... Constant trickle charge for the battery ensures operation. ATEX electric actuators, featuring enclosures approved to ATEX II 2 GD Ex d II B T6 ...
