

What is Haitai solar?

Haitai Solar is a high-tech enterprise focused on green energy with five Business Divisions: Photovoltaic Modules, Utility Scale Power Plant, Photovoltaic Brackets, Energy Storage, and Hydrogen Energy, Graphite electrode, Battery swapping.

Can solar energy be used effectively in Haiti?

Solar energy can be used effectively in Haiti, offering energy self-sufficiency to the most isolated cities in the absence of a power grid. The country's location in the tropics gives it very strong solar energy potential. It is believed that solar energy will play a fundamental role in access to electricity over the next 10 to 15 years.

Why is Haitai solar a top 10 PV company in China?

With total global production capacity of 8GW, Haitai Solar has been ranked as Top 10 PV companies in China in terms of production capacity and shipments. As an intelligent new energy provider, Haitai Solar will continue to promote new energy development with quality and technology development to lead the green energy revolution.

Is Haiti a solar power market?

Recently, many solar companies have seen Haiti as a huge market potential for solar energy. The founder of 10Power estimates that the potential solar power market is worth over \$500 million. In 2013, the completion of Hôpital Universitaire de Mirebalais came to an end. This hospital is the largest solar-powered hospital in the world.

Why should you choose Haitai solar?

As an intelligent new energy provider, Haitai Solar will continue to promote new energy development with quality and technology development to lead the green energy revolution. Adhering to high-standard development, Haitai always uses low energy consumption cutting-edge equipment and technology.

Is Haitai a regulated company?

All Haitai's product series have been placed on the list of 'Enterprises with Regulated Conditions in the PV Industry' released by the Ministry of Industry and Information Technology, and all its products have achieved certification from global entities such as TUV, CQC, UL, CSA, CEC, BIS, KS, INMETRO, SII, and MCS.
