

Are Subaru & Panasonic preparing for a lithium-ion battery factory?

Tokyo and Osaka, Japan, September 6, 2024 - Subaru Corporation ("Subaru") and Panasonic Energy Co., Ltd. ("Panasonic Energy"), a Panasonic Group Company, today announced plans to prepare for the supply of automotive lithium-ion batteries and joint establishment of a new battery factory in Oizumi, Gunma Prefecture, Japan.

Where are Panasonic Batteries made?

Osaka, Japan, November 20, 2023 - Panasonic Energy Co., Ltd., a Panasonic Group Company, announced that the company completed a project to relocate its dry battery factory and that the Nishikinohama Factory (Kaizuka City, Osaka) today launched full-scale production of AA, AAA, C, and D alkaline batteries.

Where are Japanese batteries made?

In 2020, it became the first Japanese company to ship a cumulative total of 200 billion dry batteries worldwide. With production at the Moriguchi Factory, which had met domestic demand for over 90 years, terminated, a new factory has been set up at the Nishikinohama Industrial Park in Kaizuka City, Osaka Prefecture.

Where are Panasonic & Subaru lithium ion batteries made?

As part of this collaboration, Panasonic Energy will produce and supply cylindrical lithium-ion batteries at its Suminoe factory in Osaka from fiscal 2027, 1 and at the new jointly established lithium-ion battery factory in Oizumi, Gunma Prefecture from fiscal 2028. 1 Subaru plans to install these batteries in its BEVs.

Is Panasonic developing a new lithium-ion battery?

Currently, Panasonic is developing a new high-capacity lithium-ion battery, the "4680", in multiple locations within Japan. The company will progressively develop production capabilities in preparation for the full rollout.

Will Panasonic supply batteries for Subaru BEVs?

Panasonic Energy will supply its next-generation cylindrical automotive lithium-ion batteries for the battery electric vehicles (BEVs) Subaru plans to produce from the latter half of the 2020s. This follows their conclusion of a basic cooperative agreement and reflects their aim of establishing a medium- to long-term partnership.
