

Larue's wide selection of airport snow removal equipment ensures you're at the right place, no matter how many runways you operate and how much daily traffic you juggle. Whether ...

The device can automatically remove snow when it detects its presence, without consuming much power or generating excessive heat. I tested several main approaches. The first was heating to melt the snow, but it consumed too much energy. The second was manually removing the snow, which was too exhausting, and I didn't want to go outside.
