

How much does a deep cycle battery cost?

From £163;105. Long Warranties. A 12v deep cycle battery is a phrase given to describe a battery that can be deeply discharged and cycled hard. AGM and GEL batteries are particularly good at this. A typical deep cycle leisure battery or a deep cycle marine battery are used for habitation areas and are not usually as extreme as some other applications.

What is a deep cycle battery?

Deep Cycle batteries used for your motorhome house/leisure battery are constructed very differently to batteries used to start vehicles. For example, a starting battery has to provide a high current surge to start an engine, but once that has been achieved the vehicle's alternator immediately replenishes the power it provided.

What types of deep cycle batteries are available at Supercheap Auto?

Check out some of the different types of deep cycle batteries available at Supercheap Auto. Absorbed glass mat (AGM) batteries- These maintenance-free batteries are sealed and spill-proof, making these a convenient choice for the widest variety of applications - from golf cart batteries, to caravans, marine vessels, and more.

Are deep cycle batteries 'job specific'?

Not surprisingly, batteries are made to be 'job specific'. Deep Cycle batteries used for your motorhome house/leisure battery are constructed very differently to batteries used to start vehicles.

How long does a deep cycle battery last?

The lifespan of a deep cycle battery depends on several factors, including the battery type, usage patterns, and maintenance practices. On average, a well-maintained deep cycle battery can last between 3 to 7 years, with some high-quality batteries lasting up to 10 years or more.

Which batteries are best for habitation?

AGM and GEL batteries are particularly good at this. A typical deep cycle leisure battery or a deep cycle marine battery are used for habitation areas and are not usually as extreme as some other applications. In this category we concentrate on the deep cycle battery for the leisure or habitation scenarios.
