

Why do EV batteries need sealing & gasketing adhesives?

While assembling an EV battery pack comprised of various materials, as an automotive OEM and battery manufacturer, you know that the chosen sealing and gasketing adhesives play an important role for enclosure and it also helps to meet its overall performance and serviceability needs.

What are battery pack sealing and gasketing adhesives?

Fortunately, our battery pack sealing and gasketing adhesives can help. Based on Silyl Modified Polymers (SMP), Methyl Methacrylate (MMA), Elastosol technologies for permanent sealants and butyl, CIPG, UVFG technologies for non-permanent sealants (serviceable), it becomes easy to address the latest trends while also overcoming common challenges.

Which adhesive technology can be used for battery pack sealing and gasketing?

The durability of the adhesive has to match the lifetime of the vehicle (resistant to vibration, shock, thermal...). Which adhesive technologies could be used for battery pack sealing and gasketing? Depending on the need of battery pack design, Bostik provides serviceable sealing/gasketing including butyl, HM foam gasket, UV Gasket.

What happens if you put melted adhesive on a battery pack?

When melted adhesive sits for extended periods of time, charring occurs. Charring causes adhesive degradation, inconsistent application, plugged lines, bad thermal conductivity and safety concerns. Simply put, equipment used to glue cartons shut does not work well for sealing battery packs.

Can a battery pack be reopened with a butyl seal?

Butyl seals allow the battery pack to be re-opened for repair. Battery packs sealed with butyl can be easily re-opened for maintenance or repair. What are Silyl Modified Polymers (SMP)?

Does Henkel seal battery housings?

With its Sonderhoff brand, Henkel has many years of experience in sealing battery housings. As process experts, we ensure a perfect interaction between our dispensing technology and the sealing system selected from our product portfolio.

Shop Einhell Power X-Change 18V Cordless Glue Gun With Battery And Charger - Hot Glue Gun For Crafting, DIY, Woodwork, Upholstery - TE-CG 18 Li Glue Gun With 5 x 11mm Glue Sticks Set. Free delivery on eligible orders of £20 or more.

Free delivery and returns on all eligible orders. Shop Cordless Caulking Gun Compatible with Makita 18V, 20oz / 600ml Electric Caulk Adhesive Gun with 4 Adjustable Speeds, Drip Free Sausage Caulking Gun, Caulking Tool for Filling, Sealing (No Battery).
