Can I move solar PV panels?

Yes, it is possible to move solar PV panels; however, the costs will likely outweigh the benefits. Unless you have a very large system, you will no longer be eligible for Feed-in Tariff payments. Additionally, the solar PV system's efficiency may be compromised when moved.

Do solar panels have moving parts?

Solar panels do not have moving parts. This means it's easier (and cheaper) to make them last longer compared to wind turbines. There are three key ways to maximize the longevity of solar panels and ensure that they're producing as much energy as they should be. 1. Solar panel performance monitoring
