MLCC industry.

Rick Streaker, Packard's National Training Coordinator, provides a product overview of the Titan HD Heavy Duty Run Capacitors. Titan HD Capacitors are 100% Made in the USA!...more

Titan HD PRCD355A - 35/5 MFD Round Dual Motor Run Capacitor (370V)- Packard has received the call to create a USA-made capacitor to provide contractors with confidence on the ...

Titan HD POC15A - 15 MFD Oval Motor Run Capacitor (370V)- Packard has received the call to create a USA-made capacitor to provide contractors with confidence on the job. Our answer is Titan HD. With a substantial 60,000 ...

Titan HD PRCFD5075A - 50/7.5 MFD Round Dual Motor Run Capacitor (440/370V)- Packard has received the call to create a USA-made capacitor to provide contractors with confidence ...

Packard has received the call to create a USA-made capacitor to provide contractors with confidence on the job. Our answer is Titan HD(TM). With a substantial 60,000 hours of operating life, ...

Titan HD PRCF90A - 90 MFD Round Motor Run Capacitor (440/370V)- Packard has received the call to create a USA-made capacitor to provide contractors with confidence on the job. Our answer is Titan HD. With a substantial 60,000 ...

Packard has received the call to create a USA-made capacitor to provide contractors with confidence on the job. Our answer is Titan HD(TM). With a substantial 60,000 hours of operating life, it is just as hardworking as those who made them. Made in USA, Full product offering EUR" 234 ratings available!, 60,000 hours operating life, Meets the ...

Titan HD POCF10A - 10 MFD Oval Motor Run Capacitor (440/370V)- Packard has received the call to create a USA-made capacitor to provide contractors with confidence on the job. ...

Titan HD PRC25A - 25 MFD Round Motor Run Capacitor (370V)- Packard has received the call to create a USA-made capacitor to provide contractors with confidence on the job. Our answer is ...

Hi All, Have a couple of questions around run capacitors. I see run capacitors ranging in price from ~\$6 to \$30 for a 55/5, 370 or 440. What is a good brand to go with? Secondly, what is the typical run life for a capacitor (TX region). thinking of keeping some on hand, but not sure about capacitor shelf life. Thanks!
